

Date:

Dear Conor

May our group,,
be considered for the New Belfast Community Arts Initiative's Re-Imaging
Communities programme. We are aware of the work of New Belfast and recognise
that the staff and artists of New Belfast are best placed to facilitate us in both a
consultation and potential production process. As a statutory organisation, we would
therefore endorse New Belfast's efforts to provide direction and assistance in all
matters relating to the developing shared space through new innovative and creative
public art processes within our area.

Yours sincerely
